# National Science Foundation Research Experience for Undergraduate Students (NSF REU programs)

- [http://www.nsf.gov/crssprgm/reu/reu\\_search.cfm](http://www.nsf.gov/crssprgm/reu/reu_search.cfm)
- This a nationwide program with opportunities in many disciplines and locations throughout the USA.
- With your mentor, you design a research project by preparing both a written and oral research proposal, conduct experiments and gather data, presenting a poster and/or giving a presentation on your research at the completion of the program.
- Also, they take care of your travel and expenses while in the program and provide a stipend of ~\$4,000-\$5,000 depending on the program.

# “Generic”: How to Apply

- Good GPA 3.5 (or better but if you are over a 3.0, you never know, until you try)
- Resume - including academic and research experience
- Statement of interest
- Unofficial transcript
- Letters of recommendation
